

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

ENTERED according to ACT OF CONGRESS, in the year 1882. by

JOHN EDWARD HAYNES.

In the Office of the CLERK OF CONGRESS, at Washington.

All Rights Reserved.

P R E F A C E .

Fictitious names have been adopted by writers from the earliest historic times in nearly all countries, whether of a political, religious, or scientific character; either as a signature wholly different (pseudonym); transposing the letters, or portions of their real name (anagram); a special phrase having direct reference to the subject matter treated (phraseonym); aspiring to a title, or a supposed aristocratic name (titlenym, or aristonym); or, simply employing one or more initials of the author (initialism). Various names have been given to combinations of partial abbreviates in connection with dashes, stars, and other characters, but the entire list can properly be comprised in those above noted, adding the important one of anonyms, or works that are presented to the public anonymously.

Among the reasons which writers have for adopting false signatures, may be mentioned, — a genuine modesty with those who decline to place their true name before the public until their work has passed through the terrible crucible of the merciless critic, so that if it should not succeed and be generally condemned, the real author would be known to only a few friends; fears of personal injury if their name is disclosed, where direct attacks are made upon motive or character; many times the real name would serve to limit the sale of a work, notably, where the private character of the writer has been tainted, or when totally unknown to the public; the idea is often entertained, that a work published anonymously, or over a pseudonym, will have a larger sale

on account of the universal desire to ascertain the author's real name, and that the investigation will bring out a large amount of gratuitous advertising. Clever publishers often act upon this idea, publishing works anonymously upon both sides of a subject which agitates the public mind at the time; those naturally witty as Haliburton, Seba Smith, Clemens, Derby, Locke, etc., use a *nom de plume* which in itself appears a witticism, attracting immediate attention; a pseudonym is often adopted by reason of the unlawful or disreputable matter treated, that would compromise the social position of the writer were the true name disclosed; a *sobriquet* applied to an author by contemporaries has often been taken up and used as a pseudonym. Various signatures are usually employed by City correspondents who write for several provincial journals.

Literary titles are frequently changed when ill success attends previous efforts, or when an entire change is made in the character of the works. There is a peculiar fascination to a writer who watches the progress of his work as passed upon by the critics, when the true author is not suspected even by his immediate friends, but in nearly all cases whenever successful, this desire for concealment is waived, and care is taken to be formally introduced to the public; in fact, it is no uncommon thing for both the true name and the *nom de plume* to appear upon the title.

On the authority of Querard, the first general collection of pseudonymous and anonymous authors was made in Germany about 1684, which was soon followed by the work of Adrian Baillet at Paris, 1690. Nearly all European Nations have had their "Dictionaries of Fiction, Phrase, and Fable," stating incidentally the *noms de plume* of their various authors.

M. Antoine Alex. Barbier in 1826 published the first complete collection of false names in his valuable work of 4 vols. 8vo. which has never been favored with an English translation. Among the more prominent works which have furnished excerpts for this compilation, are the following:—
 Samuel A. Allibone,— Critical Dict. of Am. & Eng. Authors. Phila. 1871
 W. Davenport Adams.— Dict. English Literature. N. Y. 1872

- D. Appleton and Company,— American Cyclopædia. N. Y. 1880
 William Allen,— Biographical Dictionary. Boston 1858
 Authors, various,— Allgemeine Encyclopädie der Wissen-
 schaften und Künste, (134 vols.) Berlin, 1815-1847
 N. Antonio,— Bibliotheca Hispana Vetus. Barcelona. 1788
 Boston Public Library,— Quarterly Bulletins. Boston 1867-1881
 M. Antoine Alex. Barbier.— Anonymes et pseudonymes. Paris, 1822-1827
 Julius Bartoloccius,— Bibliotheca Magna Rabbinnica. Romæ. 1694
 S. Cobham Brewer,— Dictionary of Phrase and Fable. London, 1874
 Alexander Chalmers,— Biographical Dictionary. (32 vols.) London, 1817
 C. H. and T. Cooper,— Athenæ Cantabrigiensis. Cambridge 1861
 Robert Chambers,— Cyclopædia of English Literature. London, 1879
 M. Didot,— Biographie Universelle. (46 vols.) Paris. 1866
 E. A. Duyckinck,— Cyclopædia of American Literature. N. Y. 1855
 Francis S. Drake,— Dictionary of American Biography. Boston, 1874
 Gentlemen's Magazine,— (140 vols.) London, 1731-1871
 Olphar Hamst.— Handbook for Fictitious Names. London, 1868
 Georges d' Heilly,— Dictionnaire des pseudonymes recueillis. Paris, 1869
 C. G. Joecha,— Allegemeines Gelehrten Lexicon. Leipsic 1750
 A. J. Johnson and Son,— General Cyclopædia. N. York. 1879
 Lanzi,— Storia Pittorica della Italiano. Milan 1824
 J Le Neve,— Fasti Ecclesiæ Anglicanæ. Oxford. 1854
 Lowndes,— Bibliographical Manual. London, 1858-1864
 F. Leypoldt,— Library Journal. N. York, 1876-1881
 G. Maria Mazzachilli,— Gli Scrittore d' Italiano. Brescia. 1763
 Diego Barbosa Machade,— Bibliotheca Lusitana. Lisboa. 1759
 M. Michaud,— Biographie Universelle. (45 vols) Paris, 1866
 G. K. Nagler,— Künstler. München. 1852
 Lawrence B. Phillips,— Dict. of Biographical Reference. London, 1871
 J. M. Querard,— Les Supercheries litteraries dévoiliés. Paris. 1870
 Robert Reboul,— Anonyms, pseudonymes, et Super-
 cheries literaties. Marseilles. 1879
 H. J. Rose,— Biographical Dictionary. London 1848
 E. De Toplado,— Biografia degli Italiani illustre. Venezia, 1845
 G. Vapereau,— Dictionnaire Universel des Contemporarins. Paris, 1858
 William A. Wheeler,— Dictionary of Fictitious Names. Boston. 1866
 E. Walford,— Men of the Time. London, 1877

The Author tenders his acknowledgments to the many friends who have assisted him in procuring true names that have heretofore been unknown, as well as correcting errors in lists previously published. The members of the N. Y. Press Club have rendered valuable assistance from the commencement of the compilation, especially in important suggestions, and in the correcting of proof-sheets.

Thanks are due to Journalists of the principal cities for efforts in making the work full and correct as possible; it is to be regretted however, that a few Provincial Journals

neglected to respond to his urgent solicitations for data that would be of service to the work and of interest to readers; information, which their contributors would have gladly furnished. Those authors who have refused to reply, can have no reason for complaint, in case their names or pseudonyms are written incorrectly, or wrong date of birth inserted. This caution is developed the greatest among those who have little reputation in the world of letters, as their willingness to impart information increases in proportion to their literary importance.

With the long list of over 4200 pseudonyms and anonyms, doubtless many errors exist in both true names and literary titles, as even the shortest names are often written from three to eight different ways.

In conclusion, it is proper to remark, that a collection of pseudonyms and anonyms can never be complete, as fresh travelers are every day embarking on the uncertain and perilous highway towards Parnassus and Fame.

J. E. H.

EXPLICATION.

The Pseudonyms are intended to be given exactly as written by those who use them, and are indexed from the *first letter employed*, not excepting those having the prefix of articles, *a*, *an*, or *the*.

When a doubt exists concerning the writer using the pseudonym, the mark of interrogation (?) succeeds it.

The first column of dates indicate the birth, and the second the death, neither of which is noted only on reliable authority.

When the date is known of the first employment of the pseudonym, the year follows the true name with the prefix of *pub.* or *p.*

PSEUDONYMS.

A.,	Matthew Arnold.	1822
A. B.,	Annie Beaty.
